## School Description

The Fresno County Office of Education Special Education Department is dedicated to providing leadership for quality instruction and program supports for all students. Our commitment to partnerships with school districts, parents, public and private enterprise is a critical component to the success of our students, staff, and programs.

Our mission is to:

- Provide high quality teachers and educators who are leaders, trainers, and role models in the provision of educational services in school and the community
- Apply student-centered, multi-measures to assess student needs to promote instructional practices that contribute to student success and learning
- Develop supportive professional relationships with colleagues, families and community members
- Provide student-focused, high quality programs and services utilizing innovative evidencebased interventions

The Fresno County Office of Education operates special education programs as an active participant in the countywide Special Education Local Plan Area (SELPA). At the request of districts, our office provides services and programs to students with special education needs, including the following:

- Resource Specialist Programs (RSP)
- Intervention Classes for students with Emotional Disturbance (ED)
- Programs for students with Moderate/Severe disabilities, including Deaf-Blindness, Autism and the Adult Transition Program for students with moderate/severe disabilities, ages 18 22 years.
- Programs for students who are Deaf or Hard of Hearing
- Classes for students with Autism Spectrum Disorders (CIRCLE Program)
- Classes for Preschool students with Autism Spectrum Disorders (PIP Program)
- Speech Impaired Itinerant Program
- Deaf/Hard of Hearing (DHH) Itinerant Program
- Visually Impaired (VI) Itinerant Program
- Orthopedically Impaired (OI) Itinerant Program
- Adapted Physical Education (APE) Itinerant Program
- Home Instruction
- Preschool Assessment Services
- Infant/Toddler Intervention Services
- Occupational Therapy
- Audiologist
- Orientation and Mobility
- Physical Therapy
- Assistive Technology

The ultimate goal of Special Education is to empower every student with special needs through individualized services of the highest quality delivered in the least restrictive setting. The department provides educational services to individuals ages birth through 21 years who have various forms of developmental disabilities or other disabilities that impair their ability to benefit from instruction in a general education environment without additional supports. Students receive services which best allow for their needs and goals to be met, and are provided opportunities to access core curriculum and

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school at (559)265-3040 or the district office.

| 2014-15 Student Enrollment by Grade Level |  |
| :--- | :---: |
| Grade Level | Number of Students |
| Kindergarten | 12 |
| Grade 1 | 38 |
| Grade 2 | 25 |
| Grade 3 | 20 |
| Grade 4 | 28 |
| Grade 5 | 39 |
| Grade 6 | 34 |
| Grade 7 | 25 |
| Grade 8 | 11 |
| Grade 9 | 20 |
| Grade 10 | 31 |
| Grade 11 | 34 |
| Grade 12 | 23 |
| Ungraded Secondary | 224 |
| Total Enrollment | 564 |

participate in general education environments to the maximum extent possible. Students participate in statewide assessments as indicated in their Individualized Education Programs. Assessments include the Smarter Balanced Assessment System, California Standards Tests (CST), California Alternate Assessment (CAA), California Alternate Proficiency Assessment (CAPA), Physical Fitness Testing, and language proficiency testing (CELDT or VCCALPS). The delivery of high quality services in each program and the student's ability to develop appropriate peer relationships are considerations that guide educational programming.

The Fresno County Office of Education supports the right of all students with disabilities to receive a free and appropriate education in the least restrictive environment. Our department is proud of the innovative options and expanded services that are offered for young children with autism. In addition, we are also proud of the strides made in providing community-based instruction and work experience for students with moderate/severe disabilities utilizing inclusive community settings. Working in collaboration with students, parents and community agencies, the Adult Transition Program serves as a bridge between school and adult life. Self-advocacy, community access, and personal growth are emphasized in a team approach to assist each student to realize their dreams and potential.

| 2014-15 Student Enrollment by Group |  |
| :--- | :---: |
| Group | Percent of Total Enrollment |
| Black or African American | 6 |

| English Learners | 23.2 |
| Students with Disabilities | 100 |
| Foster Youth | 1.6 |

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

| Teacher Credentials |  |  |  |
| :---: | :---: | :---: | :---: |
| Fresno County Special Education | 13-14 | 14-15 | 15-16 |
| With Full Credential | 42 | 46 | 35 |
| Without Full Credential | 8 | 4 | 8 |
| Teaching Outside Subject Area of Competence | 1 | 1 | 0 |
| Fresno County Office of Education | 13-14 | 14-15 | 15-16 |
| With Full Credential | - | - | * |
| Without Full Credential | - | - | * |
| Teaching Outside Subject Area of Competence | - | - | * |

| Teacher Misassignments and Vacant Teacher Positions at this School |  |  |  |
| :--- | :---: | :---: | :---: |
| Fresno County Special Education | $\mathbf{1 3 - 1 4}$ | $\mathbf{1 4 - 1 5}$ | $\mathbf{1 5 - 1 6}$ |
| Teachers of English Learners | 0 | 0 | 0 |
| Total Teacher Misassignments | 1 | 1 | 0 |
| Vacant Teacher Positions | 0 | 0 | 4 |

* "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## Core Academic Classes Taught by Highly Qualified Teachers

| 2014-15 Percent of Classes In Core Academic Subjects Core Academic Classes Taught by Highly Qualified Teachers |  |  |
| :---: | :---: | :---: |
| Location of Classes | Taught by Highly Qualified Teachers | Not Taught by Highly Qualified Teachers |
| This School | 46 | 11 |
| Districtwide |  |  |
| All Schools | * | * |
| High-Poverty Schools | * | * |
| Low-Poverty Schools | * | * |

High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

The Fresno County Office of Education Special Education Department purchases state-adopted textbooks and materials, and non-adopted instructional materials available through the CDE instructional materials waiver approval process in order to ensure that each classroom has sufficient instructional materials or textbooks aligned with the state academic content standards. The non-adopted materials and equipment purchased are specifically designed for students with moderate/severe disabilities and are aligned to the Alternate Achievement Standards assessed on the State Alternate Assessment. FCOE-operated classrooms for students with emotional disturbance (ED) utilize the same programs that are used in the host district. This is especially important as most of the students receive mainstreaming opportunities daily. Students identified with autism spectrum disorders enrolled in the FCOE operated CIRCLE Program may utilize district adopted materials or non-adopted materials from the approved waiver list. The FCOE Special Education Department has also purchased specialized reading intervention programs and social skills training programs for use with students with autism, challenging behaviors, emotional disturbance, and/or learning disabilities. For students with moderate/severe disabilities, highly specialized instructional materials are provided that offer relevant, "hands on" approaches which are most appropriate for use with this population. Through the CDE waiver process, IMFRP funds are made available for the purchase of approved nonadopted instructional materials. The materials are evaluated through a standards mapping process and aligning the content standards. Information on the content standards are available to all staff via Sharepoint on the FCOE website, as is the current list of approved non-adopted materials (2011-2014). The SEACO Alternate Curriculum Guide for Students with Moderate Severe Disabilities has been disseminated to the teachers and trainings have been provided in implementing components aligned to the grade level standards. The Steps to Success: Blueprints for the Achievement of All Students is utilized in K-12 classrooms for students with moderate/severe disabilities. All teachers implementing this program have been trained in its use, as well as in the assessment component-the SANDI (Student Annual Needs Determination Inventory). Common Core training and implementation planning have also been infused into the professional development and educational plan.Technology, specialized software, and specialized equipment are utilized to provide access for SD students to the core curriculum. Mimio Boards are currently being installed in all classrooms to offer opportunities for more interactive instructional opportunities. Highly specialized equipment, such as lifts, M.O.V.E. equipment, specialized switches, augmentative language devices, etc., are purchased and made available to ensure that each student's health, comfort and safety are maintained at all times. In addition, approximately 65 iPads and iPod Touch devices were purchased to be used with students in the FCOE SD, CIRCLE, PIP, DHH and Speech and Language Programs in order to facilitate improved behaviors and communication. Depending on the applications that are utilized, the iPads and iPod Touch devices can be used for communication, choice-making, task completion, following directions, reinforcement, and as a learning tool for teaching academics and functional skills. Other materials are also purchased in order to provide opportunities for older students to receive training in valuable functional skills to complement community-based instruction and transition activities as identified in their IEP's. Personal and social education, including safety awareness, is a major component in the program for students with moderate/severe disabilities. Classrooms utilize curricula made available from the James Stanfield Company, such as Life Horizons, and Circles, to provide instruction in preventing abuse and emphasizing self-advocacy. Students enrolled in classes located on general education sites are provided with ongoing opportunities to participate in district programs, extracurricular and special events.

## School Facility Conditions and Planned Improvements (Most Recent Year)

Classrooms for students with non-severe and severe disabilities are located at elementary through high school districts and college sites throughout the county. Permanent classrooms for students with severe disabilities are located at three special education campuses.

Classrooms are of adequate size and are either maintained by FCOE or by districts based on joint agreements. Each year, a school facility inspection is completed by FCOE staff. Complaints are resolved in accordance with FCOE adopted procedures. All special education centers have developed safe school plans. Classes on general education campuses follow plans developed by the district in which they are located.

All three special education campuses have been modernized within the past seven years. Maintenance and replacement of building systems, such as carpet and flooring, heating ventilation and air conditioning, painting, roofing, and ceilings, at various sites is performed on an ongoing basis.

In addition to ensuring excellent maintenance of facilities, FCOE has implemented use of camera systems on one campus and is planning to implement camera systems on the other campuses to increase security and safety as well as to prevent vandalism.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

* Results are for grades 5, 8, and 10. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

| Grade <br> Level | 2014-15 Percent of Students Meeting Fitness Standards |  |  |
| :---: | :---: | :---: | :---: |

|  | 4 | -- | -- | -- | -- | -- | -- | -- |
|  | 5 | -- | -- | -- | -- | -- | -- | -- |
|  | 6 | -- | -- | -- | -- | -- | -- | -- |
|  | 7 | -- | -- | -- | -- | -- | -- | -- |
|  | 8 | -- | -- | -- | -- | -- | -- | -- |
|  | 11 | -- | -- | -- | -- | -- | -- | -- |

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

## C. Engagement

State Priority: Parental Involvement
The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

## Opportunities for Parental Involvement

The Fresno County Office of Education recognizes the responsibility of the school to involve the parent or guardian in all aspects of the special education process as legally required. The procedure for timely notification, parental input and support is set up as mandated through the process from the beginning referral to the implementation of the Individual Education Plan. Forms and procedures are kept current so that new and changing legal mandates can be incorporated in a timely manner.

Parents are invited to appropriate staff development activities and are encouraged to participate in the Community Advisory Committee (CAC), back to school events, open houses and various community support groups.

The CIRCLE Program, PIP Program and the Early Intervention Infant Program have regularly scheduled parent support trainings scheduled throughout the county, affording families the opportunity to meet, learn and socialize with one another. Parent Information Nights are also used to ensure that parents, guardians, and students have access to information on community supports available as well as the opportunity to access social supports for each other. Special events are scheduled throughout the school year to encourage a community setting within the school environment and to foster positive relationships between families and educators. This supports the goal for a person-centered planning process for all students.

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

## School Safety Plan

Three FCOE-operated center-based programs (Ramacher Educational Complex, Monte Vista School and Sutherland Center) have Safe School Plans in place that have been developed by school committees and are updated on an annual basis. The plans are available for review at the Fresno County Office of Education and the FCOE website. Each site's plan focuses on the school's vision, areas of strength, and areas of need with goals and objectives for improvement. The Safe School Committee takes into consideration resources available through law enforcement and community agencies to identify any changes in the community or neighborhood that might assist in building a Safe School Plan. Also included are Fresno County Office of Education policies and procedures for drills and evacuations and Standard Operating Procedures related to staff and student safety and safe school operations. Special day classes located on district campuses adhere to the policies and procedures as outlined in each district and school's Safe School Plan. Safe School Planning professional development is provided for site leaders to ensure accurate preparation for and completion of the Safe School Plan. Additional implementation of training occurred during the 2012-2013 year to address the threat of and response to violent acts on school sites.

| Speech/Language/Hearing Specialist | 25.9 |
| Resource Specialist |  |
| Other |  |

## Average Number of Students per Staff Member

Academic Counselor

* One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

## Professional Development provided for Teachers

In addition to support from the Fresno County SELPA, host districts or at the school site level, the FCOE Special Education Department offers professional development opportunities for teachers, support staff and paraeducators during minimum day in-services and workshops (approximately 20 per school year). Staff is also provided additional training during inservice days prior to the start of the school year. Certification trainings are offered for staff in CPR, first aid, and defensive driving. Given the unique needs of a large segment of the student population, trainings address highly specialized areas of concern for staff members, such as best practices and techniques to provide for optimum student health and safety, including appropriate techniques for lifting, transferring, use of specialized equipment and proper feeding. Other areas for training include 1) implementation of positive behavior techniques and interventions, (PBIS and NCI trainings) 2) M.O.V.E. (Mobility Opportunities via Education) Basic Provider Certification trainings, 3) Transition and Workability, 4) Community-based Instruction, 5) SEIS IEP Program, 6) Visual Communication Systems Training, 7) On-going Assessment Training for Teachers, (Steps to Success) 8) Instructional Planning and Program Implementation, 9) best practices for serving students with autism, 10) Common Core Standards, 11) CAPA Assessment, 12) Advanced Behavior Supports, 13) Advanced Communication, 14) Quality Instruction Indicators, 15) File Maintenance, 16) Casemanagement and 17) Transition planning and implementation. In addition, FCOE operates a PAR (Peer Assistance and Review) Mentoring Program, BTSA (Beginning Teacher Support and Assessment, and CESIP (Clear Education Specialist Induction Program) programs. The FCOE Special Education Department will continue to provide opportunities for staff to increase their knowledge and level of expertise in the areas of personal and social education, self-advocacy and abuse prevention for students with disabilities. Training in the utilization of positive behavior supports for students with challenging behaviors will continue to be provided through assistance and support from Fresno County SELPA and FCOE specialists (e.g. behavior specialist, autism specialist, ERMHS (Educationally-Related Mental Health) providers and school psychologists).

## Types of Services Funded

Fresno County Office of Education supports students through a variety of educational funds and programs. Each is designed to meet the individualized educational plan for each student and provide access to core content to the extent possible for students with severe disabilities. Students access curriculum and instruction through Instructional Materials Funding through the State-Approved Waiver process. Revenue is also provided by the state lottery to support instructional materials. Educationally-Related Mental Health funds support students by providing counseling and mental health support to students and their families. Special Education funding through the federal and state allocations support the educational needs and programs for all students served through Fresno County Office of Education.

## Career Technical Education Programs

Courses conducted by a Regional Occupational Program include: Computer Graphics, Art and Design, and Emergency Medical Responders. All Industry Sectors have an active advisory committee comprised of the instructor, ROP District Coordinator and a minimum of three industry representatives. Work Experience Education Building Trades courses are offered in collaboration among the Fresno County Office of Education, the Fresno County Economic Opportunities Commission and the Fresno County Juvenile Justice Campus/Probation Department.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
